Anexos (27 fotos)

Anexos (continuação)

The image displays three sequential screenshots of a mobile application interface, likely from an Android device, showing a sequence of events related to checklist management and error handling.

Screenshot 1 (Left): Shows a log entry titled "Console Error" with the message: "AttachmentUploadService Upload error for file: /storage/emulated/0/Downloads/teste.pdf. Error: Upload failed: 404 - ('statusCode':413,'message': 'request entity too large')". Below the log is a "Call Stack" section.

Screenshot 2 (Middle): Shows the main application interface with tabs for "Tarefas" (Tasks), "Agendadas" (Scheduled), "Em Andamento" (In Progress), and "Concluídas" (Completed). It displays various checklist items and their status. A prominent purple button at the bottom right says "Iniciar Execução" (Start Execution).

Screenshot 3 (Right): Shows a checklist titled "Teste subida Sync" with two items: "Reservado" (Reserved) and "Total Andamento" (Total Progress). Both items show a progress bar at 00:00:04. A message at the bottom states "Nenhum checklist vinculado" (No checklist linked).

Timestamps:

- Screenshot 1: 17/12/2025, 08:39:28
- Screenshot 2: 17/12/2025, 08:39:28
- Screenshot 3: 17/12/2025, 08:39:28
